

UK CENTER OF EXCELLENCE
IN RURAL HEALTH
invites you to...

WEDNESDAY, APRIL 18, 2018

Community-based research begins at the local level, built upon the foundation of relationships with individuals, neighborhoods and groups who have common questions and concerns. Appalachian Research Day is an opportunity to join in the discussion and learn about findings from research studies that have occurred in local communities.

Come learn about research projects in our community and how you can get involved.

RESEARCH PRESENTATIONS (Full Agenda Coming Soon)

On The Move Art Studio - Bringing Art to Kids Everywhere
