

Membership Categories ▶▶▶

Large and Small Institutions

Annual dues enable any faculty, staff, or student to become a member at no cost.

Industry Members

Participation is available for Small, Medium, and Large STEM Companies.

K-12 Educators

Free membership is available for Kentucky's K-12 teachers.

Individual

This tier is perfect for the science enthusiast or retired scientist.

Junior Academy

Middle and high school students are invited to join the Academy and begin networking.

Members may choose up to three sections they are interested in when they join.

Membership Sections

Agricultural Science
Anthropology/Sociology
Cellular & Molecular Biology
Analytical & Physical Chemistry
Organic & Inorganic Chemistry
Computer & Information Science
Ecology
Engineering
Environmental Science
Geography
Geology
Health Sciences
Mathematics
Microbiology
Physics & Astronomy
Physiology & Biochemistry
Psychology
Science Education
Zoology / Botany

Catalyzing scientific communication and collaboration within the Commonwealth of Kentucky

What we do ▶▶▶▶

Annual Meeting

Open to all KAS members, hundreds of scientists and professionals convene each November to network & share research at this interdisciplinary event.

Junior Academy

Middle & High School scientists participate in research with mentors and have the opportunity to present their work at the state and national levels.

Journal of the Kentucky Academy of Science

This peer-reviewed journal publishes original research and review papers in all areas of science supported by the Academy.

Grants

Funding is available annually to student, professional, and faculty members of the Academy for Research or Education & Outreach to improve scientific engagement in Kentucky.

Science Policy

Advancing science in state policymaking through member-driven advocacy, professional training opportunities, and bill tracking on the Academy's website.

What we offer ▶▶▶▶

Free resources, opportunities for volunteer work, leadership development, mentorship, and so much more!

STEM Jobs list

Housed on the Academy's website, this open forum is great for employers and those searching for work.

Kentucky Science Trail

Curated in 2024, the trail highlights dozens of science-related sites around the Commonwealth.

Speakers Bureau

Our expert scientists are available to speak at special events, media appearances, civic organizations and schools.

Resources for Teachers

In addition to free membership, KAS connects K-12 teachers to scientists and educational resources around the state.

Why join?

Kentucky Academy of Science is a multidisciplinary network of 4000 scientists across the state, bringing together education, industry, teachers, learners, and advocates.
