

Physiologist—Department of Biological Sciences, Murray State University

The Department of Biological Sciences at Murray State University invites applications for a tenure-track faculty appointment at the level of ASSISTANT PROFESSOR to begin August 2023. Applicants must have a Ph.D. with postdoctoral research. Teaching experience at the postdoctoral level is ideal, but experience as a graduate teaching assistant is acceptable. The Biology Department has vibrant, research active, and community minded scientists and educators. We are excited by the prospect of expanding our faculty diversity with another exceptional candidate. The primary teaching responsibilities will be Human Physiology and Human Anatomy. The candidate will also teach some introductory biology courses, as well as upper level and graduate level courses in their area of expertise. Research area in biology is open but preference will be given to candidates with expertise in animal physiology at the cellular or systems level. The successful candidate will conduct research, pursue external funding, publish, mentor research students, and advise students pursuing professional degrees in health-related fields. The Department of Biological Sciences has faculty with graduate program concentrations in Biomedical and Cellular Sciences, Fisheries/Aquatic Biology, and Wildlife Biology. Application deadline is 15 October 2022. Application materials must be submitted at the following link: [www.murraystatejobs.com/postings/10336](http://www.murraystatejobs.com/postings/10336). Questions may be directed to the search chair, Dr. Gary ZeRuth (gzeruth@murraystate.edu). *Women and minorities are encouraged to apply. Murray State University is an equal education and employment opportunity, M/F/D, AA employer.*
